

Knowledge Assessment 31511 (v1) – Demonstrate knowledge of BCATS industries

Student name:

This assessment requires you to demonstrate your knowledge of **at least two** BCATS industries. You may choose to focus on a speciality within a larger industry.

Industry 1's name:

1. What are the overall roles and responsibilities of your selected industry?

2. Briefly describe the work of three job roles in the industry.

Name of role	Scope of work

3. Complete the following table about the job roles.

Name of role	Qualification	Career path

4. Provide an example of what may happen if those working in the industry **do not** do their job well.

5. Provide an example of what may happen when those working in the industry **do** their job well.

6. Identify potential clients and describe the relationship between them.

Client	Relationship

7. Give **two** examples of how your chosen industry may work with other industries on a successful project.

Industry	How they work together

8. List **four** industry bodies involved in your chosen industry and briefly describe how they affect those who work in your industry.

Industry bodies	Describe their impacts on the industry

Industry 2's name:

1. What are the overall roles and responsibilities of your selected industry?

--

2. Briefly describe the work of three job roles in the industry.

Name of role	Scope of work

3. Complete the following table about the job roles.

Name of role	Qualification	Career path

4. Provide an example of what may happen if those working in the industry **do not** do their job well.

5. Provide an example of what may happen when those working in the industry **do** their job well.

6. Identify potential clients and describe the relationship between them.

Client	Relationship

7. Give **two** examples of how your chosen industry may work with other industries on a successful project.

Industry	How they work together

8. List **four** industry bodies involved in your chosen industry and briefly describe how they affect those who work in your industry.

Industry bodies	Describe their impacts on the industry
