

Assessment schedule: Skill Standard 40558

Learners must complete a BCATS project to be awarded this skill standard.

The schedule below shows the evidence required for assessment criteria in the skill standard, guidance for the teacher and judgement statement/s.

Note: teacher observations and comments made in the assessment resource serve as key evidence requirements for each skill standard. All guidance below is intended to support the teacher's observations/comments.

Learning outcome	Evidence required	Teacher guidance (to be used in accordance with commentary in the Programme Guidance document)	Judgement statement
Plan and monitor the completion of a BCATS project.	<i>Project plan</i> templates completed.	The information in all <i>Project plan</i> templates provided must be completed, including the following: <ul style="list-style-type: none"> → Materials, equipment and machinery to be used for the project tasks → Safety controls (including PPE) → How waste will be minimised, and other environmental considerations → All project tasks to be completed → Quality checks, and notes on any changes made to the project process after the checks are completed → Evaluation of the project process, comparing the result with the project documentation to identify what went well and what could be improved for future projects. 	Evidence must meet the minimum of Achieved criteria as outlined in the BCATS Programme Guidance document – SS 40558. Comments related to the award of higher grades must reflect commentary in the Programme Guidance.
	Copy of the project brief.	The project brief is to be provided as a means of seeing the intended project and comparing it with the result at the end of the construction process.
