Assessment: Paving

Learner instructions

This assessment is about using trade skills, without being prompted, to lay pavers as a BCATS project.

You need to show you can:

- prepare a detailed materials list
- complete the project to a high standard.

The standard will not be signed off until you have completed the project.

Over the page, you will see what you need to do for this assessment.

Your teacher will observe you working throughout your project. They will provide comments in this assessment resource as evidence to support their observations.

You will need to provide the following evidence to support this. Submit it using myBCITO or the process at your school/organisation.

A completed *Materials list* worksheet (pg. 3 in this assessment resource).

A completed *Project record* template, showing the tasks and quality checks you carried out, feedback you received, and any changes you made.

Note: If you have completed the assessment activities for Skill Standard 40558 (Plan and monitor the completion of a BCATS project – Level 2, 6 credits), you do not need to complete the project record again.

Photos that clearly show the bedding before the pavers are laid.

Photos that clearly show the quality of the paved area and that it is level.

It is a good idea to use the assessment checklist in this resource to keep track of the evidence you have collected.

The grade you are awarded will be based on your ability to lay pavers to a high standard.

Worksheet: Materials list

For this assessment activity, you need to show you have an understanding of a range of materials that can be used for paving projects.

You should use information in the project brief for this activity.

- In the table below, list materials (including hardware and fastenings) needed to lay the pavers. **Note:** Pavers can either be pre-made or made on site.

Material needed	Quantity

Lay pavers

For this assessment activity, you need to show you can do these things for your project without being prompted.

- Carry out ground excavation, compact base course, and spread sand carefully and safely.
- Set out, lay, and finish the paved area to a high standard.

Your teacher will observe you working safely on your project.

Below is the other evidence you need to collect during your practical work. You should work with your teacher to make sure you've provided everything needed.

A completed *Project record* template, showing the tasks and quality checks you carried out, feedback you received, and any changes you made.

Photos that clearly show the bedding before the pavers are laid.

Photos that clearly show the quality of the paved area and that it is level.
